

Scavenger Hunt: It invites the young geeks with brighter minds for finding a number of items using a certain list. However, the challenge is to provide all items of a list without purchasing them.

Table Tennis: It provides opportunity to the students to use their strength and prove their metal in sports. Table Tennis increases the problem-solving capability of the young energetic individuals by developing a healthy mind.

Tug of War: This game binds two teams in a test of strength, where participants are required to pull the opposite ends of a rope with target of bringing a rope in one direction against pull force of other team.

Capital University of Science & Technology

Department of Computer Science
Capital University of Science & Technology

Capital University of Science & Technology, Islamabad, Pakistan is organizing **All Pakistan competition: ExclTeCup 2020 (April 04, 2020)**, attracting brilliant programmers, young innovators, poster designers, poets, athletes, and e-Gamers from educational institutes all over Pakistan. The term ExclTeCup refers to the slogan "Excel in IT". The event attracts students from all over Pakistan and challenges the participants to showcase their ideas, compete with their peers to sharpen their skills to excel in the field of IT.

Every year, large number of universities participate in ExclTeCup. The winners and participants are awarded with cash prizes, shields and certificates. The event is covered by different TV Channels, numerous newspapers, and Radio channels.

This event would be the foundation for energetic and young minds where they would get a chance to compete with their peers from different universities. This exciting platform will provide an opportunity to brightest minds to prove their skills in technology competitions. It will also enhance their skills in learning and competing in friendly environment.

Inauguration ceremony of 7th ExclTeCup 2019: Excel in IT

ExclTeCup 2020 offers ten competitions:

- Poster Designing
- Software Project Exhibition
- E-Gaming
- Quiz
- Tug of War
- Mushaira
- Programming
- Scavenger Hunt
- Table Tennis
- Singing

Closing ceremony of 7th ExclTeCup 2019: Excel in IT

On Spot Programming: This event invites brilliant programmers from all over Pakistan. They are given problems on spot & the programmers' need to think, design the solution, & implement it in real time.

Software Project Exhibition: It attracts outstanding students whose degree projects have made them proud to present and discuss their ideas to extensive audience.

Quiz: This competition critically evaluates the students in terms of important concepts from the core domains of computer science. Students are asked questions from the core concepts in the respective domain.

Poster Designing: It challenges the creative graphic designers to come up with creative ideas over a specified theme. Students need to think creatively, apply innovative technologies and tools and come up with great ideas.

E-Gaming: This competition gathers great online gamers of the country, normally in form of a team. The games selected for the ExclTeCup not only prove the identity of a gamer, but students also learn different important skills. This year, ExclTeCup offers two games such as FIFA and TEKKEN.

Mushaira: Apart from getting insights to the student's hidden talent, ExclTeCup also offers aesthetic competitions. Mushaira is one of them. Mushaira does not only offer a competition but it is an amusement for audience where students present their own poetry.

Singing: Life is too short to be wasted by singing in a shower, ExclTeCup also provides an opportunity to the young individuals having melodious voice to unleash their hidden talent of singing.
