CAPITAL UNIVERSITY OF SCIENCE & TECHNOLOGY

10th ExcITE CUP

May 17th

2025

LIST OF COMPETITIONS

QUIZ

This competition tests students on key concepts from core computer science domains through targeted questions in their respective fields.

E-GAMING

This competition brings together top online gamers, usually in teams, where selected ExclTeCup games not only showcase their identity as gamers but also help them develop valuable skills.

ON SPOT PROGRAMMING

It lets students demonstrate their programming and problem-solving skills under time pressure, showcasing their coding stamina to the IT industry.

POSTER DESIGNING

It challenges graphic designers to think creatively and use innovative tools to develop unique ideas around a given theme.

LIST OF COMPETITIONS

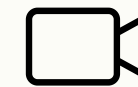

PROJECT EXHIBITION

It attracts outstanding students whose degree projects have made them proud to present and discuss their ideas to extensive audience.

TABLE TENNIS

It gives students a chance to showcase their strength and stamina through sports, while table tennis boosts problem-solving skills by promoting a healthy mind.

THEMATIC VIDEO DESIGN

It encourages students to craft compelling visual stories around a central theme, blending creativity with technical video design skills.
